

PRE-OP SURGICAL INSTRUCTIONS

- **Bring your MEDICATIONS:**
Please bring all the medications that you routinely take in their properly labeled, original containers. If you are on heart or blood pressure medication normally taken in the morning, plan to take the medication with a small sip of water before arriving to the hospital
- **If you are DIABETIC:**
Should not take their oral medication or insulin unless advised to do so by your physician.
- **No FOOD OR DRINK after midnight:**
Don't eat or drink anything after midnight unless you are advised by your physician. You may brush your teeth and rinse your mouth, but do not swallow any water.
- **Shower with HIBICLENS (CHLORHEXIDINE):**
Follow manufacturer's guidelines on label. Shower (NO BATH) with the HIBICLENS the night before. THIS IS FOR EXTERNAL USE ONLY. AVOID MUCOUS MEMBRANES.
- **Do not SHAVE:**
It is best to NOT shave any part of your skin (other than facial) for at least two days prior to surgery, if at all possible.
- **Do not apply LOTION:**
Do not apply lotions, moisturizers or make-up pre-op.
